

Driver Trett and the Hong Kong International Arbitration Centre (HKIAC) would like to invite you to our joint NEC4 seminar

NEC4 - TIME TO UPGRADE?

NEC3 is one of the Hong Kong's most popular contracts for construction. 2017 saw the launch of NEC4, which features a host of changes to the contract procedures. This seminar will consider the key changes and explain how they may work in practice.

Demand for these events is always high, and often over-subscribed, so please ensure you book your place early.

This is suitable for those interested in construction contracts from a Contracting or Employer based organisation.
